

Board of Health
Town of New Marlborough
Monthly Meeting
June 4, 2014

The Board met at Norm Hankey's residence at 752 Mill River-Southfield Rd. at 7:30PM. Present were Norm Hankey, Member, Jack Bellinger, Member and Scott McFarland, Agent. Chairman Larry Davis, III was absent.

Minutes of the previous meeting were read and accepted with a minor spelling correction.

The David Ralph property regarding the access to potable water was reviewed. The letter presented to the Selectman by Agent McFarland was discussed. Since a licensed well driller was not used to make a shallow well, Agent McFarland could not give an unqualified opinion. According to regulations a well must be pumped to show its recovery rate and should be tested as to water quality. For future reference a map of the location needs to be made. At present a clean sample was obtained and occasional disinfectant may need to be made. Mr. Ralph has a special permit in hand which goes to the Building Inspector, Tom Carmody for his permit.

One of the properties owned by John Miller on the Hartsville-New Marlborough has been sold and will be on a new road, tentatively named Farm View Rd. David Herrick has submitted numbers for these lots that were created. At this point it is not known which number goes with which lot. One of the lots has a septic plan submitted by Sean McElroy and Noelle Luminiere and was approved. (Map 404 Lot 30.3)

Title 5s : Joan Tchener of Cross to Canaan Valley has a 500 gallon tank in good condition but had to have a new D Box installed.

Pumping reports were reviewed.

Next meeting will be July 1, 2014 at the Town Hall.

Respectfully submitted,

Pia G. Bellinger, Sec.
